

CLA723

XLR female - 6.3 mm Jack male stereo

Highlights:

- Flexible PVC jacket
- 28 AWG thin and dense stranded conductors
- 0.24 " (Ø) outer diameter
- Oxygen free copper
- Braided shielding

Product information:

The CLA723 is a balanced instrument or microphone cable constructed using the MC104 cable and fitted with a stereo jack connector and a 3-pin female XLR connector. The 28 AWG (0.08 mm²) thin & dense stranded bare copper conductors are surrounded by a high coverage bare copper spiral shielding. The durable shielding gives an excellent protection against interference of all kinds, such as electromagnetic fields caused by dimmers, motors or power cables. The flexible jacket made of PVC and is easy to handle. Available in a length of 1.5 meters.

Components:

- CableType: MC104 - Microphone cable
